Troubleshooting **32**

Tips & Tricks **34**

Remove These Items From the Box

Thank you for purchasing the Samsung BlackJack™.

To get started, we recommend the following:

- Carefully follow the step-by-step instructions in this guide to set up your Samsung BlackJack™ device.
- Review the User Manual on the Getting Started CD to learn about the full power of the Samsung BlackJack™.

Take note of the following components included in the box:

Samsung BlackJack™

Standard and Extended Battery with Cover

Battery Charger

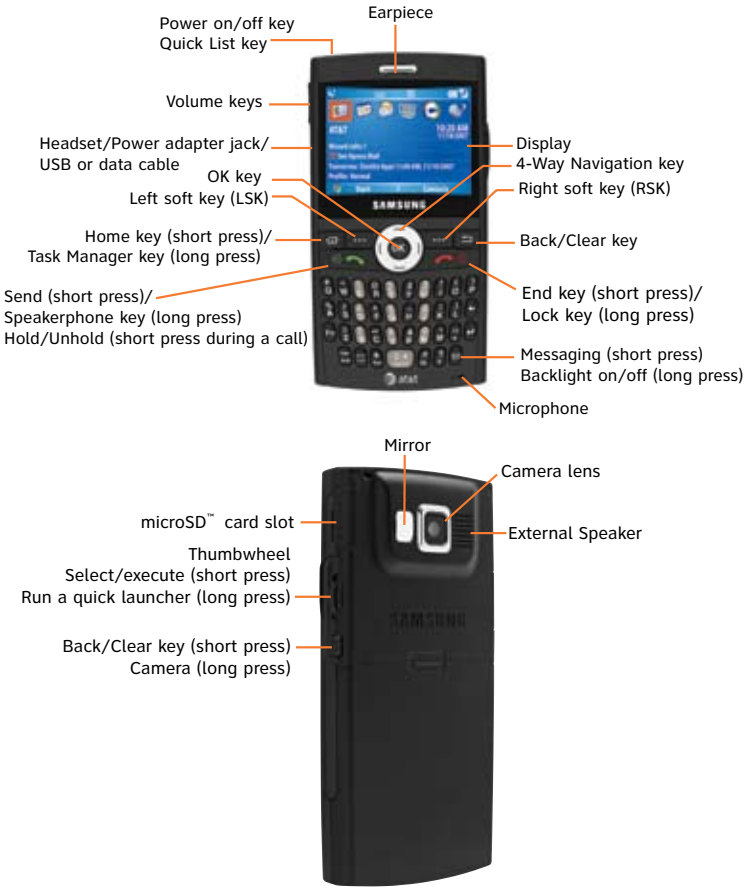
Getting Started CD

Travel Adapter

Data Cable

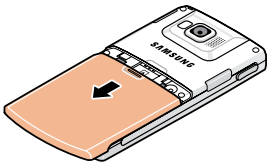
Parental Controls

Samsung BlackJack™ Features

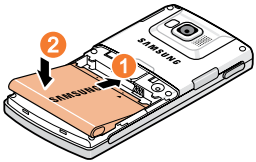


Steps?
3
Takes?
1 minute

Insert the Battery



1. Remove the battery cover by pressing it down and sliding it away as shown.
2. Align the gold tabs on the battery with the gold tabs in the phone (1) and then press the bottom of the battery down until (2) it snaps into place.
3. Place the cover back on the handset and slide it in until it clicks.



Note: Your BlackJack™ will not turn on automatically when you insert the battery. You must turn it on using the power button on top of the device.

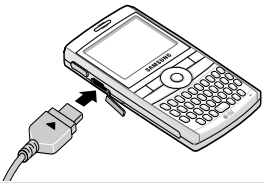
Note: Your battery comes partially charged. To completely charge your battery, it may take an hour or more.

Charge the Battery

Steps?
2

Takes?
1 minute

Use the travel adapter to charge the battery.



1. Plug the connector of the travel adapter into the jack on the left side of the phone.
2. Plug the adapter into a standard AC wall outlet. When charging is complete, unplug the adapter from the power outlet.

Warning: Use only Samsung-approved batteries and chargers for your handset.

Get to Know your Samsung BlackJack™

Turn on Your Device

To turn your Samsung BlackJack™ device on, press and hold the Power ON/OFF Button.

The Home screen displays with time and date/status indicators and any appointments you may have set.

Lock Your Device Keypad

To lock your device keypad, press and hold on the key.

Backlight

After 10 seconds your screen will dim to save battery power. To turn your screen on, press any key.

Note: To change the backlight dim settings, press the **LEFT SOFT** key to select "Start". Then use the **NAVIGATION** key to scroll down and highlight "Settings". Press **OK** to select "Settings", then select "Display", then "Home Screen", then scroll down to select "Time out". Use the **LEFT** and **RIGHT NAVIGATION** keys to change the setting. Select "Done" to save that setting.

Backlight Dim with Keypad Locked

If you have locked your device keypad and the device goes dim, then you must first press the Power ON/OFF Button to display the screen. Then press the **LEFT SOFT** key to select "Unlock" then press the ***** key to unlock the device.

Learn to Navigate & Type

Your Samsung BlackJack™ is equipped with an innovative keyboard. You can easily and accurately type words with the phone keypad. When you select a field that requires text or numbers, the phone automatically selects the appropriate input mode. However, if you need to switch between modes, press one of the keys listed in the following illustration. See the indicator at the top of the Home Screen to identify the current text mode setting.

- To move around the screen, press top, bottom, left, and right of the **NAVIGATION** key, and press **OK** to enter.
- To select bottom left and right item on the screen, use the **LEFT** and **RIGHT SOFT** keys.
- To enter a number or symbol, press the **FUNCTION** key, and then press the corresponding key.
- To type a single uppercase letter, press **CAPS/SHIFT** key, and then press the corresponding key.
- To change the mode to Numeric input, press the **NUM LOCK** key.
- To input symbols, press the ***/SYM** key and choose the corresponding symbol.

Check Your AT&T Wireless Network Connection

To connect to the wireless network successfully, your Samsung BlackJack™ must be powered on, your wireless service must be active, and you must be in a coverage area. On the top right corner of the home screen, you will find the network coverage indicator.

Full wireless coverage

Full wireless coverage using data in 3G coverage

No wireless coverage

Wireless is turned off

Make a Phone Call

Steps?
3

Takes?
1 minute

1. From the Home screen, you can access the Phone screen by pressing the **SEND** key or by directly entering a phone number by pressing the numeric keys on the keypad.
2. Press the **SEND** key .

   Note: To activate the speakerphone, press and hold the **SEND** key for 2 seconds.

   Note: To place a call on hold or unhold with, press quickly on the **SEND** key .
3. To end the call, press the **END** key .

Steps?
3

Takes?
3 minutes

Set Up Voicemail

Press and hold the **1/E** key (1 E) on your Samsung BlackJack™. You will be connected to the voicemail system, which will then ask you to:

1. Create your password.
2. Record your name.
3. Record a greeting.

Check Your Voicemail Messages

1. Press and hold the **1/E** key (1 E).
2. Follow the voice prompts.

Check Your Voicemail Messages From Another Phone

1. From another phone, dial your 10-digit wireless number.
2. Press the ***** key (**#**, Puerto Rico) when you hear your personal greeting.
3. Enter your personal password and follow the voice prompts.

Browse the Web

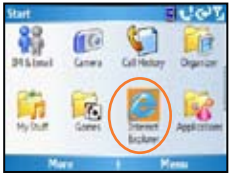
Steps?
4

Takes?
1 minute

Use Internet Explorer® Mobile to directly access the wireless web on your Samsung BlackJack™. Use MEdia Net™ to access AT&T's premium content service.

Open Internet Explorer

1. Select "Start" by pressing the **LEFT SOFT** key.
2. Press the **LEFT SOFT** key again to select "More".
3. Use the **NAVIGATION** key to highlight "Internet Explorer".

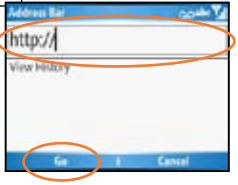


4. Press OK. The favorites page will be displayed. To go to one of the sites listed, use the **NAVIGATION** key to highlight a site you wish to visit and press OK.

Go to a Web Site

Be Sure to have Internet Explorer® Mobile open so you can browse the web.

1. Select "Menu" by pressing the **RIGHT SOFT** key.
2. Select "Address Bar" by highlighting it and pressing OK.
3. Press and hold the **BACK/CLEAR** key ⮌ to clear the address bar.
4. Enter the web address (e.g. www.cingular.com) of the site you wish to visit.



Go to a Link

1. While on a Web page, use the **NAVIGATION** key to scroll vertically or horizontally to see all available links.
2. Press OK to select the link.

MEdia™ Net from AT&T

MEdia™ Net, only from AT&T, brings your favorite web pages, downloads and more to your wireless phone.

1. On the Home screen, press the **LEFT SOFT** key to select "Start" then select "MEdia™ Net" and press OK.

Note:

For web browsing, AT&T recommends a data plan. If you do not have a data plan associated with your account, please visit www.cingular.com or call 1-866-CINGULAR

Note:
For email, AT&T recommends a data plan. If you do not have a data plan associated with your account, please visit www.cingular.com or call 1-866-CINGULAR

Steps?
11

Takes?
10 minutes

Set Up Email on Your Device

Choose an Email Setup Option

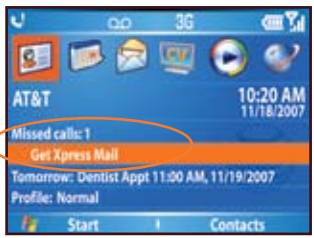
Your Windows® Mobile powered device can connect to:

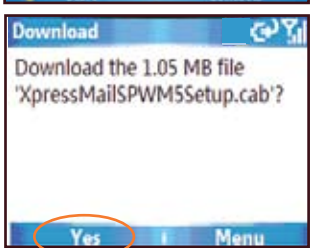
- Personal email accounts such as Yahoo! Premium, AOL, Comcast, and Gmail. To setup a Personal email account, go to Personal Email Setup on the next page.
- Corporate email accounts (such as Microsoft® Exchange or Lotus Notes). To set up your corporate account, flip to page 16, Corporate Email Setup.

Personal Email Setup with Xpress Mail™

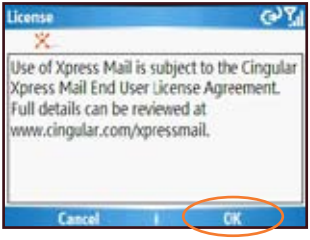
Note: Xpress Mail™ will work with the majority of email services. MSN® and AOL® Email Users please visit http://www.cingular.com/xpressmail for the latest on support and alternate setup instructions for MSN® and AOL® email.

1. Highlight "Get Xpress Mail" on the Home Screen and press (OK).
2. Use the **NAVIGATION** key and highlight "Install Now" and press (OK).
3. Press "Download Now" on the download page. (Download time will vary depending on your service area)
4. Press the **LEFT SOFT** key to select "Yes" to continue the download.

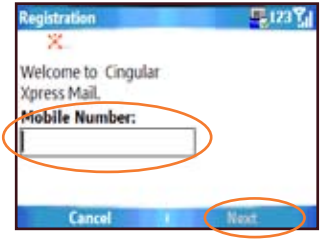




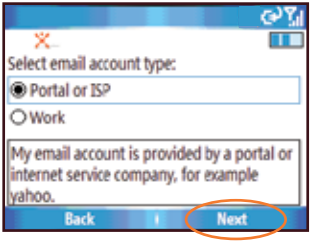
5 Press “OK” to accept the license agreement.



6. Type your 10-digit mobile (cell) number (numbers only) and press “Next”.



7. Select “Portal or ISP” and press “Next”.

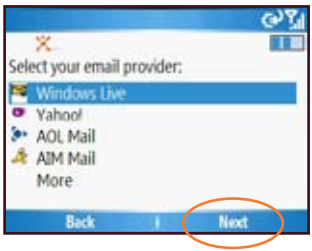


Note:
Some personal email services require a premium subscription to access email from a mobile device. If you complete this setup process and your email does not start arriving on your device, check with your provider to validate eligibility.

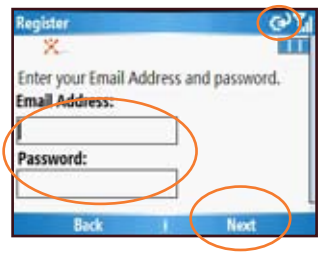
Note:
If your email provider is not listed on the two screens described here, go to www.cingular.com/tutorials/samsung_blackjack for additional provider information.

Note: Use **NUM LOCK** key to enter numbers and *** / SYM** key to enter special symbols. While you are entering the password, you can note if you are entereing capitals and numerals by checking the top right of the screen.

8. Choose your provider and press “Next”. (If your provider is not listed press “More” to view an additional list of personal email providers.)

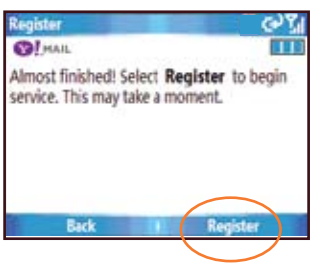


9. Enter your User Name and Password and press “Next”.



10. Press “Register” and wait for the registration process to complete.

11. After successfully registering, your Samsung BlackJack™ will automatically display the Messaging section with your personal email account.

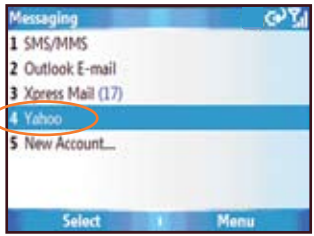


Send and Receive Personal Email

Steps?
4

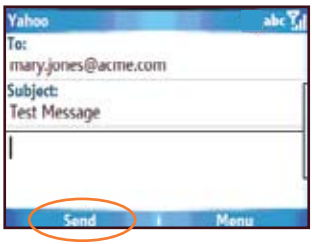
Takes?
2 minutes

1. On the Home screen press Start, then press Messaging, and select Yahoo (or your personal email provider).



2. Press Menu and press Receive to synchronize your email.
3. Press New to compose a new email.

4. When you are finished composing your message press Send.



Corporate Email Setup

A corporate email account (like Microsoft® Exchange or Lotus Notes) is an account managed by a company's IT organization.

There are two ways to access your corporate email on your Samsung BlackJack™:

1. Self Service – Xpress Mail™ is a self service option for accessing your corporate email from your Samsung Blackjack™ without support from IT.

2.. IT Managed – Good™ Mobile Messaging and Microsoft® Direct Push require that your IT organization install software centrally and provide you access.

Corporate Email Self-Service (Xpress Mail™)

Xpress Mail™ can provide wireless access to your corporate email from your Samsung BlackJack™ without support from IT.

To set up Xpress Mail™, you will need:

A. A work email address.

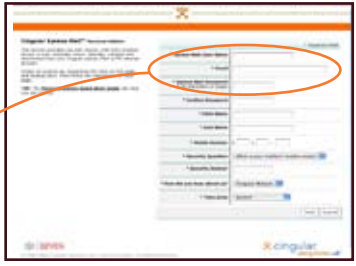
B. The type of mail server your company runs (Microsoft® Exchange, Lotus Notes or IMAP).

C. The computer you use to access your corporate email (must be connected to the Internet).

Start on your **desktop or laptop** computer

1. Open Internet Explorer® to the following page: http://xpressmailpe.cingular.com

2. Click on “Register Now” and fill in the required form fields.



Note: You will create an Xpress Mail™ user name and password in this step. You will need to **remember and use this username and password later in the set up**.

3. On the download page, click Download.
4. Click the Open or Run button and the desktop software will begin to download.
5. Click Yes when asked whether or not you want to install the desktop software.
6. Click Next to begin setup and follow the on screen instructions. **When promoted for a user name and password, use those created in step 3 above.**

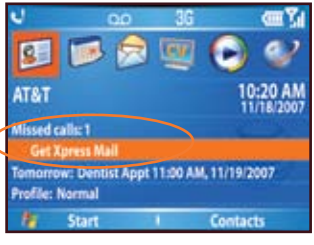
7. When Xpress Mail™ has successfully connected to your corporate email account, you will receive a message confirming that your software is installed and you are now connected to Xpress Mail™. Complete the setup process on your BlackJack™ (see next step).

Complete the Setup Process on your BlackJack™

Xpress Mail™ will work with the majority of email services.

1. Highlight "Get Xpress Mail" on the Home Screen and press (OK).

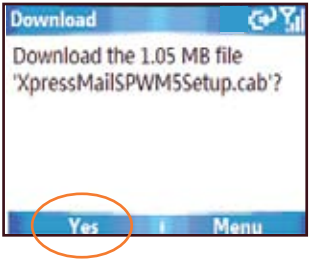
2. Use the **NAVIGATION** key and highlight "Install Now" and press (OK).



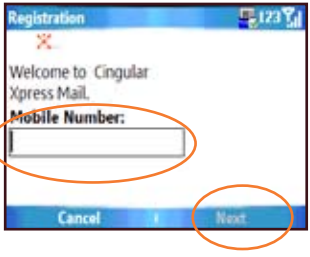
3. Press “Download Now” on the download page.

4. Press the **LEFT SOFT** key to select “Yes” to continue the download.

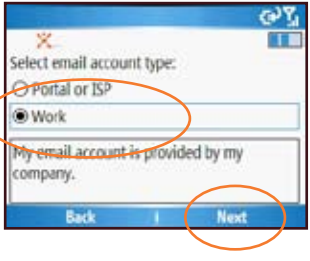
5 Press “OK” to accept the license agreement.



6. Type your 10-digit mobile (cell) number (numbers only) and press “Next” .

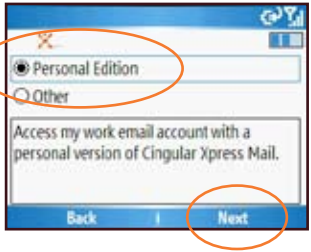


7. Select “Work” and press “Next.”



8. Select “Personal Edition” and press “Next”.

9. Select “Register Device” and press “Next”.



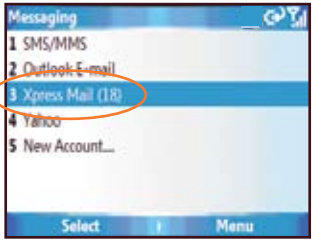
10. Enter the User Name and Password you created online earlier and press “Next”. (From step 2 of the computer setup.)

11. Press “Register”.

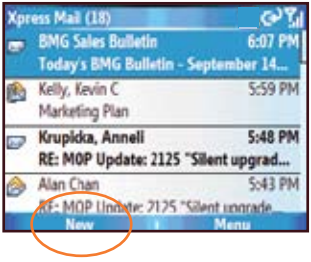
12. After successfully registering, your Samsung BlackJack™ will automatically display the Messaging section with your corporate email account labelled Xpress Mail™

Send and Receive Corporate Email

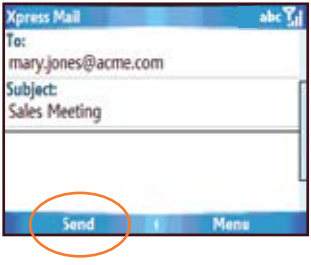
1. Press “Start” then press “Messaging” and select “Xpress Mail”.



2. Press “New” to compose a new email.



3. When you are finished composing your message press “Send”.



Enterprise Email (IT Managed) - Good™ Mobile Messaging and Microsoft® Direct Push

BEFORE YOU BEGIN do the following:

Ask your IT Administrator which wireless email solution your company supports.

Confirm your IT Administrator can provide you with the information you need to get set up. Confirm you have the right data plan for your solution. If unsure, call 611 from your phone or 1-866-4CWS-B2B to speak to a customer service representative, or review your latest AT&T Wireless bill.

Good™ Mobile Messaging provides real-time wireless push synchronization of email, calendar, contacts, tasks, and notes for Microsoft® Office Outlook® and Lotus Notes. Before installing Good™ Mobile Messaging, you must have an account on your company's Good™ Mobile Messaging server and have received setup instructions from your IT administrator. Contact your IT department if you do not have an account. You must also have a "PDA Connect for Good™" data plan active on your AT&T Wireless account.

Microsoft® Direct Push provides wireless access to your Microsoft® email, contacts, calendar and tasks. If your company has Exchange 2003 and Service Pack 2 (SP2) installed, you can get email "pushed" automatically to your device. Before activating Microsoft® Direct Push, your IT Admin must have enabled Mobile Services on the Exchange server, and you must enter the following information into your device: Server and Domain name, NT Login, and Password. Contact your IT department if you do not have that information. You must also have a "PDA Connect for Microsoft® Direct Push" data plan active on your AT&T Wireless account.

Sync Contacts, Calendar, Email and More (Optional)

Steps?
3

Takes?
5 minutes

Microsoft® ActiveSync® synchronizes information between your phone and your PC, keeping information up to date in both devices. Before you connect your phone to your PC, you must install Microsoft® ActiveSync® on the PC. ActiveSync® is already installed on your phone. Microsoft® ActiveSync® can be installed on your PC from the Getting Started CD.

Warning: Ensure your phone is NOT plugged in to your computer until AFTER you have completed installing Microsoft® ActiveSync®.

Software Installation

1. Close all open programs on your PC before you insert the CD.
2. Insert the Getting Started CD into the CD drive of your PC.
3. Follow the instructions on the installation wizard screen to install Microsoft® ActiveSync®.

Connect your device to the PC

You will now be in the Get Connected Wizard in Microsoft® ActiveSync®. To connect your phone to the PC, use the USB cable included in the box.

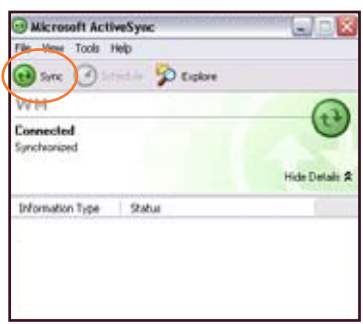
1. Insert the USB cable into the side of your phone.
2. Insert the USB cable into the port on your PC.

Follow the instructions to connect your phone to your PC. This will allow you to select which items you want to synchronize between your PC and phone, such as contacts, calendar, email, favorites and other information.

Synchronize Information

When you connect your Samsung BlackJack™ to your computer, Microsoft® ActiveSync® will immediately synchronize. While your Samsung BlackJack™ is connected, Microsoft® ActiveSync® synchronizes every time you make a change on either the computer or the phone.

1. Connect your Samsung BlackJack™.
2. To synchronize local information on the computer, such as Microsoft® Office Outloook® Mobile content or media files, connect your Samsung BlackJack™ to the computer through the USB cable.
3. In Microsoft® ActiveSync®, click Sync.



Text Messaging (SMS/MMS)

Your Samsung BlackJack™ is capable of sending and receiving Email, SMS, and MMS messages. Although you can only send text messages (SMS) to mobile phone numbers, MMS messages can be sent to both mobile phone numbers and email addresses.

Steps?
5

Takes?
5 minutes

Tip!
When entering text, you can change from alpha to numeric modes by pressing and holding the associated key to access the number assigned to the alpha key.

SMS/MMS Text Messaging

1. Press the **MESSAGING** key or from the Main screen, press the **LEFT SOFT** key to select "Start". Select "Messaging" > "SMS/MMS". Press (OK).
2. Press the **LEFT SOFT** key to select "New" > "SMS". Press the **LEFT SOFT** key to select "Select".
3. In the "To:" field, enter the recipients' phone numbers, separating them with a semicolon (;). You can retrieve numbers from the contact list by pressing (OK) to select the recipients from your Contacts list.
4. Press the **DOWN** key and enter the message text.

Note: To add frequently used text, press "Menu" > "My Text" to select from the available text messages. Highlight the text and press "Insert" or enter the corresponding number to enter the text.

Note: For MMS Press the **RIGHT SOFT** key to select "Menu" and select "Attach". Press (OK). To send a picture select "File". Select the "My Pictures" folder. Use the **4-WAY NAVIGATION** key to highlight the photo you wish to select and press "Select".

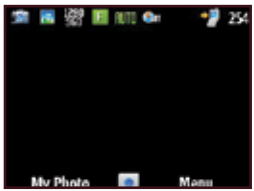
5. When you have finished composing the message, press the **LEFT SOFT** key to select "Send".

Note: If your memory is full, a pop-up message will display stating you cannot save or send the message.

Steps?
4
Takes?
5 minutes

Take a Picture, Send It To a Friend

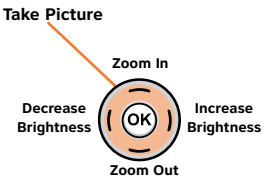
Taking photos and shooting video clips with audio are easy with your phone's built-in camera.



Open Camera or Video Recorder

1. To take a picture, press and hold the **BACK** key on the right side of your phone. To switch between Camera and Video press the **RIGHT SOFT** key to select "Menu" and select "Camera" or "Camcorder".

2. Aim the camera lens toward the subject. Press the **LEFT** or **RIGHT NAVIGATION** key to change the brightness. Press the **UP** or **DOWN NAVIGATION** key to zoom in or out. Press the **RIGHT SOFT** Key to select "Menu" to select from more options.



3. Press the OK key to take the picture.

4. Press the **RIGHT SOFT** key to select "Menu" > "Send via MMS". Enter the information in the "To:", "Subject:", "Cc:", and "Bcc:" fields and press the **LEFT SOFT** key to select "Send".

View Your Pictures

1. To view your pictures, press the **LEFT SOFT** key to select "Start" from the home screen.

2. Using the **NAVIGATION** key, scroll down to "My Stuff" and press OK.

3. Select "My Pictures".

Transferring Music

Steps?
6
Takes?
1 minute

To play a song, you must first copy some music to your BlackJack™ phone. To download music to your BlackJack™, you will need the following:

- Windows Media Player® loaded onto your PC. You can download this at: http://www.microsoft.com/mediaplayer
- Music on your PC in one of the formats: MP3, WMA, AAC.
- Microsoft® ActiveSync® software loaded onto your PC. This is included in your CD that came with your phone. Go to the Sync Contacts, Calendar, Email and More section for instructions on how to Install ActiveSync®. When the "Sync Setup" Wizard opens, click Cancel.

1. Open Windows Media Player® on your PC.
2. Connect the phone to your PC using the USB cable included in the Box. If you have Microsoft® ActiveSync® loaded onto your PC to and the Sync Setup Wizard opens, cancel the window. Microsoft® ActiveSync® is needed for the PC to recognize your Samsung BlackJack™, but Windows Media Player® is the software you use to actually download songs to your Samsung BlackJack™ device.
3. In Windows Media Player®, click Media Library.
4. In the pane on the left, expand the All Music category by clicking the plus sign next to it, and highlight the music you want to copy to your phone.
5. Right-click the music that you want to copy, point to Add to playlist, and then click Sync List. (If the Sync List is displayed, you can also drag and drop files to the list.) The songs are added to the Sync List in the pane on the right.
6. At the bottom of the Sync List, click Start Sync.

Note: This will also work with music store clients as long as Microsoft® ActiveSync® is installed; however, iTunes is not supported.

Steps?
4
Takes?
2 minutes

Playing Music on Your Device

1. Press the **LEFT SOFT** key to select “Start” > “AT&T Music” > “1 Windows Media”.
2. Press “Menu”, select “Library”.
3. Select “My Music” > “All Music”, scroll to the song you want to play, then press “Play”.

Note: The number of files you can store depends on the size and format options of the memory card. A microSD™ memory card is preferable to copy songs to your phone.

AT&T Music™

AT&T Music™ provides the ultimate music experience with the push of the music button. Listen to your favorite music, watch the latest music videos, and stay in the know with music news and more.

From the Home screen press the **LEFT SOFT** key to select “Start” to launch the AT&T Music™ folder. Highlight the application you wish to choose and press (OK).

- Transfer and listen to your music with the integrated Music Player
- Purchase and load tracks from digital music stores like Napster© to your phone
- Stream dozens of commercial free XM music stations with Streaming Music
- Watch the latest music videos by clicking on Music Video
- Personalize with ringtones and Answer Tones™ under ShopMusic
- Instantly ID the title and artist of a song with MusicID
- Get the latest music news, charts and concert info from TheBuzz

Cellular Video™

Cellular Video™ brings your phone to life. Watch news, sports, weather, and entertainment clips via AT&T's high-speed data network while on the go.

Steps?
4
Takes?
5 minutes

1. From Home screen , press the **LEFT SOFT** key to select "Start".
2. Select "Cellular Video™", then press OK to connect.
3. Once connected, select the program options you wish to view and press OK .
4. Select the clip you want to play and press OK.

Instant Messaging

If you subscribe to an instant messaging (IM) service such as AOL®, MSN®, or Yahoo!®, you can take the convenience and fun of IM on the go with your mobile phone.

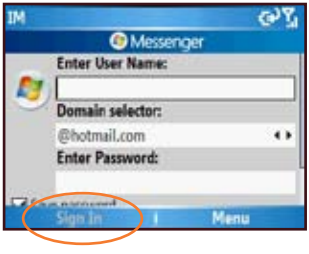
Set Up

1. From the Home screen press the **LEFT SOFT** key to select "Start" key and select "IM & Email".
2. Highlight "Get IM" and press the OK key.
3. Follow the easy steps to download and install the application on your device.
4. After installation is complete, go back to the IM&Email Folder, and click on the "IM" (icon) to launch the application.

Sign In

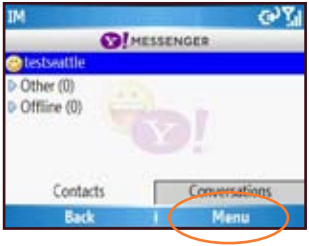
1. After setting up the IM application, press the **LEFT SOFT** key to select "Start" from the home screen and select "IM & Email".
2. Highlight "IM" and press the OK key.
3. Select the desired IM service and press the OK key.

4. Enter your user name and password and select "Sign In"

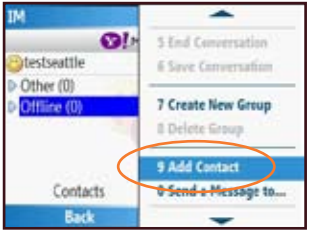


Add A Contact

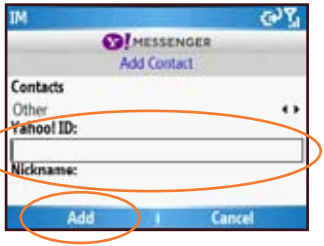
1. From the IM main screen, press the **RIGHT SOFT** key to select “Menu”.



2. Select “Add Contact”.



3. Type in the ID of the contact you would like to add and then use the **LEFT SOFT** key to select “Add”.



Troubleshooting

Why won't my Samsung BlackJack™ turn on?

The power might be off or the battery might not be charged. See "Charge the Battery" on page 6 for more information.

Why does my Samsung BlackJack™ not charge?

A connection might not be complete. Check that all cables and plugs are fully inserted into ports and power outlets. See "Charge the Battery" on page 6 for more information.

The battery might not be inserted properly. Turn off your device and then remove and reinsert the battery. Verify that the connectors on the battery align with the connectors on your device.

If you connect your device to the computer to charge, verify that the computer is turned on. If you connect it to the computer using a USB hub, the hub must be self powered to provide enough power to charge the device.

Why can I not send or receive e-mail messages?

Your Samsung BlackJack™ may not be connected to the wireless network. See "Connect to Wireless Network" on page 9 for more information.

Your device may not be attached to a supported e-mail address. See "Choose an Email Setup Option" on page 12 for more information.

If you still cannot send and receive messages, reset your device by removing and reinserting the battery.

How do I use Bluetooth®:

To turn on Bluetooth®, click "Start" > "Settings" > "Connections" > "Bluetooth®" press the OK key to select "Bluetooth®", press the OK key in the "Turn on Bluetooth®" checkbox, and press OK in the "Make this device visible to other devices" checkbox and press "Done".

You can also press the **FUNCTION** key Fn and the **& / B** key & B to enable and disable Bluetooth®.

Note: To pair with another Bluetooth®-enabled device, see "Bluetooth®" in the user guide.

Why can I not add a supported email address?

Verify that the email account attached to the email address that you want to add supports POP3 or IMAP4. Contact your email provider for more information about the address types that you can add.

Tips & Tricks

PHONE

TO:	DO:
Turn the speakerphone on and off during a call	Click Menu>Speakerphone On or Off
Change volume during a call	Press the volume button on the left side of the device
Switch between Default and Vibrate notification profiles	Press and hold the # key
Change phone service settings	Click Start > Settings > Phone and select the desired phone services.
Determine if handset is currently within 3G coverage	A '3G' icon is displayed on top of the screen
Use the phone while out of the country	Contact AT&T to enable International voice and data roaming.

BROWSER

TO:	DO:
View a page in full-screen mode	On a web page, click Menu > View > Full Screen
Change the size of the text on web pages	On a Web page, click Menu > Zoom and select the size you want.

NAVIGATING SCREEN

TO:	DO:
Scroll up/down/left/right on the screen	Press Up/Down/Left/Right on the 4-way Navigation
Launch a program or select an item	Press the OK key on the 4-way Navigation

FUNCTION KEYS

The following keys when pressed at the same time will take you to the associated entry.
Note: Functions available only on the Home/Idle Screen.

TO:	DO:
Turn Bluetooth On/Off	FN + B
Launch AT&T Mall™	FN + C
Launch AT&T Music™	FN + M
Launch MEdia Net™	FN + W
Launch Cellular Video™	FN + V

TYPING

TO:	DO:
Insert a period	Press the key
Insert a space	Press the key.
Start a new line	Press the key.
Delete letter(s)	Press the key.
Capitalize a letter	Press the key.
Insert symbol	Press the key.
To lock the keypad to numbers	Press the key.

GENERAL TIP

TO:	DO:
Restart the Samsung BlackJack™	Press and hold the Power ON/OFF Button to power up the device.
Reset the Samsung BlackJack™	Click Start > Settings> More...> Security> More...> Reset. This will restore your phone to factory settings and you will lose all personal information.
